Would like letters from (4) Alders for that zone, (Carmen will confirm), 2 state reps, senators, whole delegation

Went through the slides – Need MOUs, certificate of Land, Zoning Info, etc for the applications

Michael Piscitelli of the City thanked everyone for participating

Transformation Plan – how does it line up with our values, supporting people, lifting the community. How QT transformed the community, this is what we want with this project. This is just a milestone.

People Plan – work with Amos, went over Goals (connecting people) and Metrics

Core Strategy – the residents need to see the savings for geothermal, decrease in traffic accidents, etc

We then went over decisions and next steps.

New people will start coming to these meetings – traffic, controller, etc

Asked for Concurrence – Yay from all

Will have a google docs to share with Steering Committee; Formal will come Monday March 4

There are a lot of people that can't wait for this!
